President's Report

Well, the new canteen is up and running and just how good does it look!. Great work Mick, Paula, Henry and James. Combine that with the setting up of the interior by Rod and Leanne Holt and we have something really special to work with. Rod and Murph (Andrew Murphy) laid more concrete for the foundations of the canteen with Murph and Dougiee Lee also helping with the fencing . While all the fencing and canteen work was going on, Kevin Haley, Matt and Baillee Peach, Adam Goodwin, Adam and Chase Eeles were doing track work and tyre barriers for the tyre walls. Swifty was filling in the hole where the stump of the tree was. Mick gave Swifty the small bobcat to fill the hole and all he did was complain bitterly that he would have been better off with a shovel. Just can't please some people. Tony Morley was there helping out with boxing of the concrete foundations in between working to help his son's business. One more couple I have to thank for their work out there is Peter and Jacqui Johanneson. A great job tidying up after the mess the others had mad shifting the rubbish using the bobcat and the manatee. I wont mention anything about the pinching of the rake, Jacqui☺.

With the electricity now all hooked up thanks to Johnny McLean getting it from the pole to the fence and Graham Symons hooking it up to the canteen. We now have power to everywhere. Maybe now we can start on some of the other projects.

While we ran short of officials at Mount Tarrengower, as a lot of these guys were working to get everything done for the HRA Rallysprint at Bagshot. All the feedback that I have got from the HRA guys and competitors from that weekend has been glowing at the presentation of the track and the canteen.

So everybody take a bow

Yours in Motorsport

Kevin Symons
