**OCTOBER GENERAL
MEETING TO BE HELD AT
Bendigo Car Club Rooms
Maiden Gully
Thursday 7nd at 8pm.**

Presidents Report.

This month we are a little out of sync with the monthly event being ran before the general meeting and no BCC ran event at Bagshot until November. There are 2 events that affect the BCC they being Mt Tarrangower Hill climb on the 23rd, 24th October and the Cerberus Car Club VACS event on the 31st October. If anybody can help out with the Hill Climb they need to let Kevin Symons know as soon as possible so that he can organize flag points.

At the last event the Track Sub Committee inspected the complex for materials for the track surface with pleasing results and at this stage the Auto cross track will receive a revamp over the off season.

Yours in Motorsport.

Craig Button

President Bendigo Car Club.

Those wishing to undertake this need to contact and have a Committee Member present. A full list of conditions has been published in the Cross Flow in the past or can be obtained from Craig Button

COMPLEX MAINTENANCE

On behalf of our new "Complex Maintenance" committee, I wish to thank all those "club minded" people who have been helping with our lunchtime working bees. Much has been achieved in a short timeframe & every little bit adds up.

On the 5th SEPT those who were not there missed a feat of tyre wall destruction & reconstruction in a time, which I'm sure would have won GOLD if it were an Olympic sport.

So spectacular, it was continued at last Sundays working bee where another great job was achieved. Thanks again to those involved, & if anybody wishes to assist at other times feel free to express that wish & we can put your "nose to the grindstone".
